10 COURSES OFFERED

5 NEBOSH International Certificate in OHS

5 IEMA- Environmental Management

ENVIRONMENTAL AND SOCIAL VISION:

Play our role in enabling energy security and economic prosperity while reducing environmental impacts, enhancing biodiversity and ensuring the well-being of people around us.

BIODIVERSITY

- ✓ Addressing risks to Biodiversity
- ✓ Transitioning from a mitigation mindset to a net positive impact

CARBON

- ✓ Understanding and reporting on current footprint
- ✓ Reducing Carbon Intensity
- ✓ Expanding GHG Emissions goals to the land operations

COLLABORATION

- ✓ Collaborating with industry on tackling the main social and environmental issues
- ✓ Change social perception of the geoscience industry by improving communication and sharing of positive impacts.

An aerial photograph of a dense forest with a winding lake in the center. The image is overlaid with a blue-to-purple gradient. A white horizontal line is positioned above the text.

BIODIVERSITY

ENERGEO ALLIANCE

**SUSTAINABLE SEAS
INITIATIVE (SSI)**

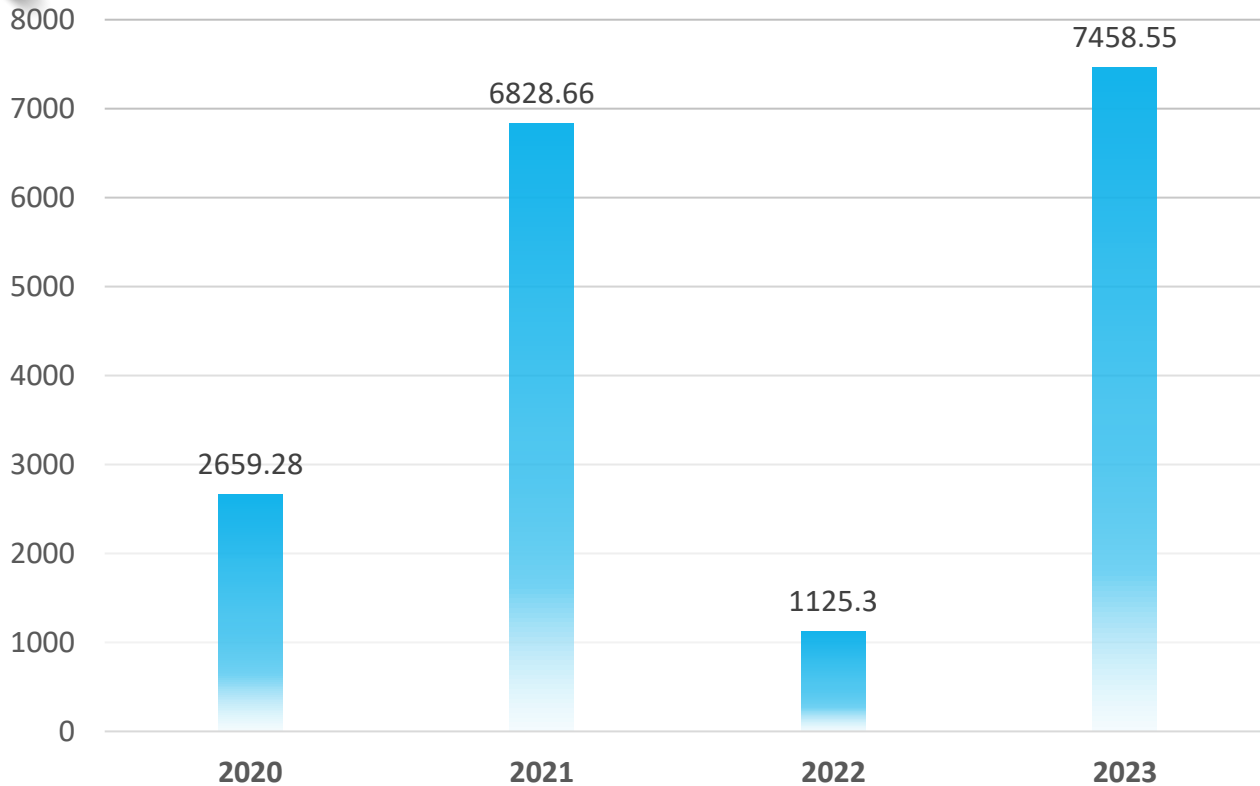

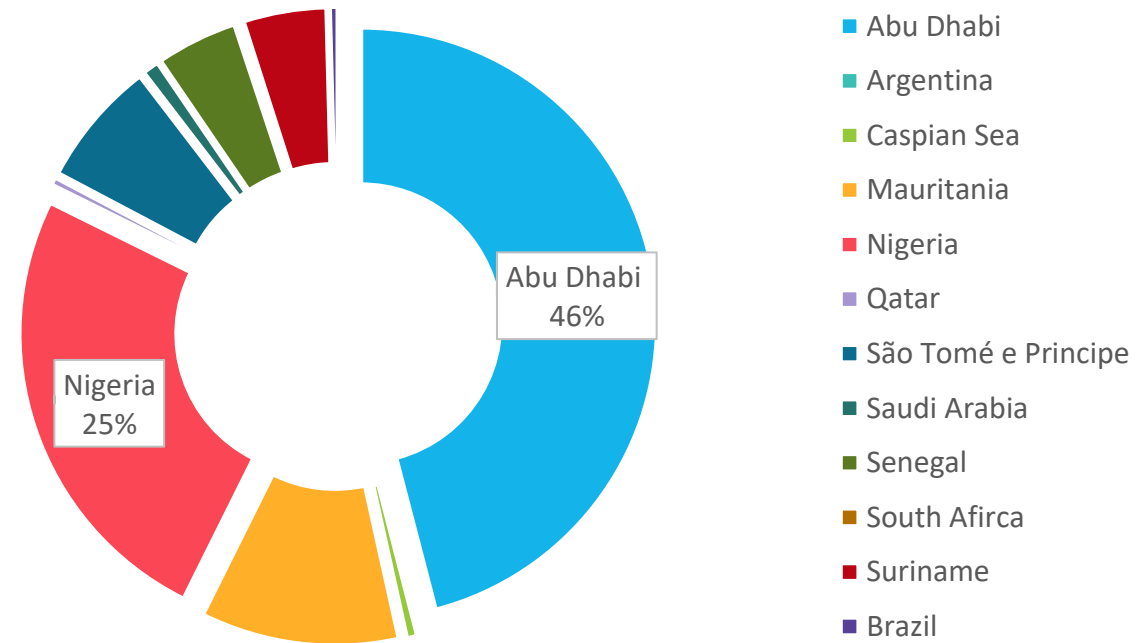

- ✓ 4 years
- ✓ **20 tons** of ghost net and marine debris recovered from the oceans

GNI in numbers

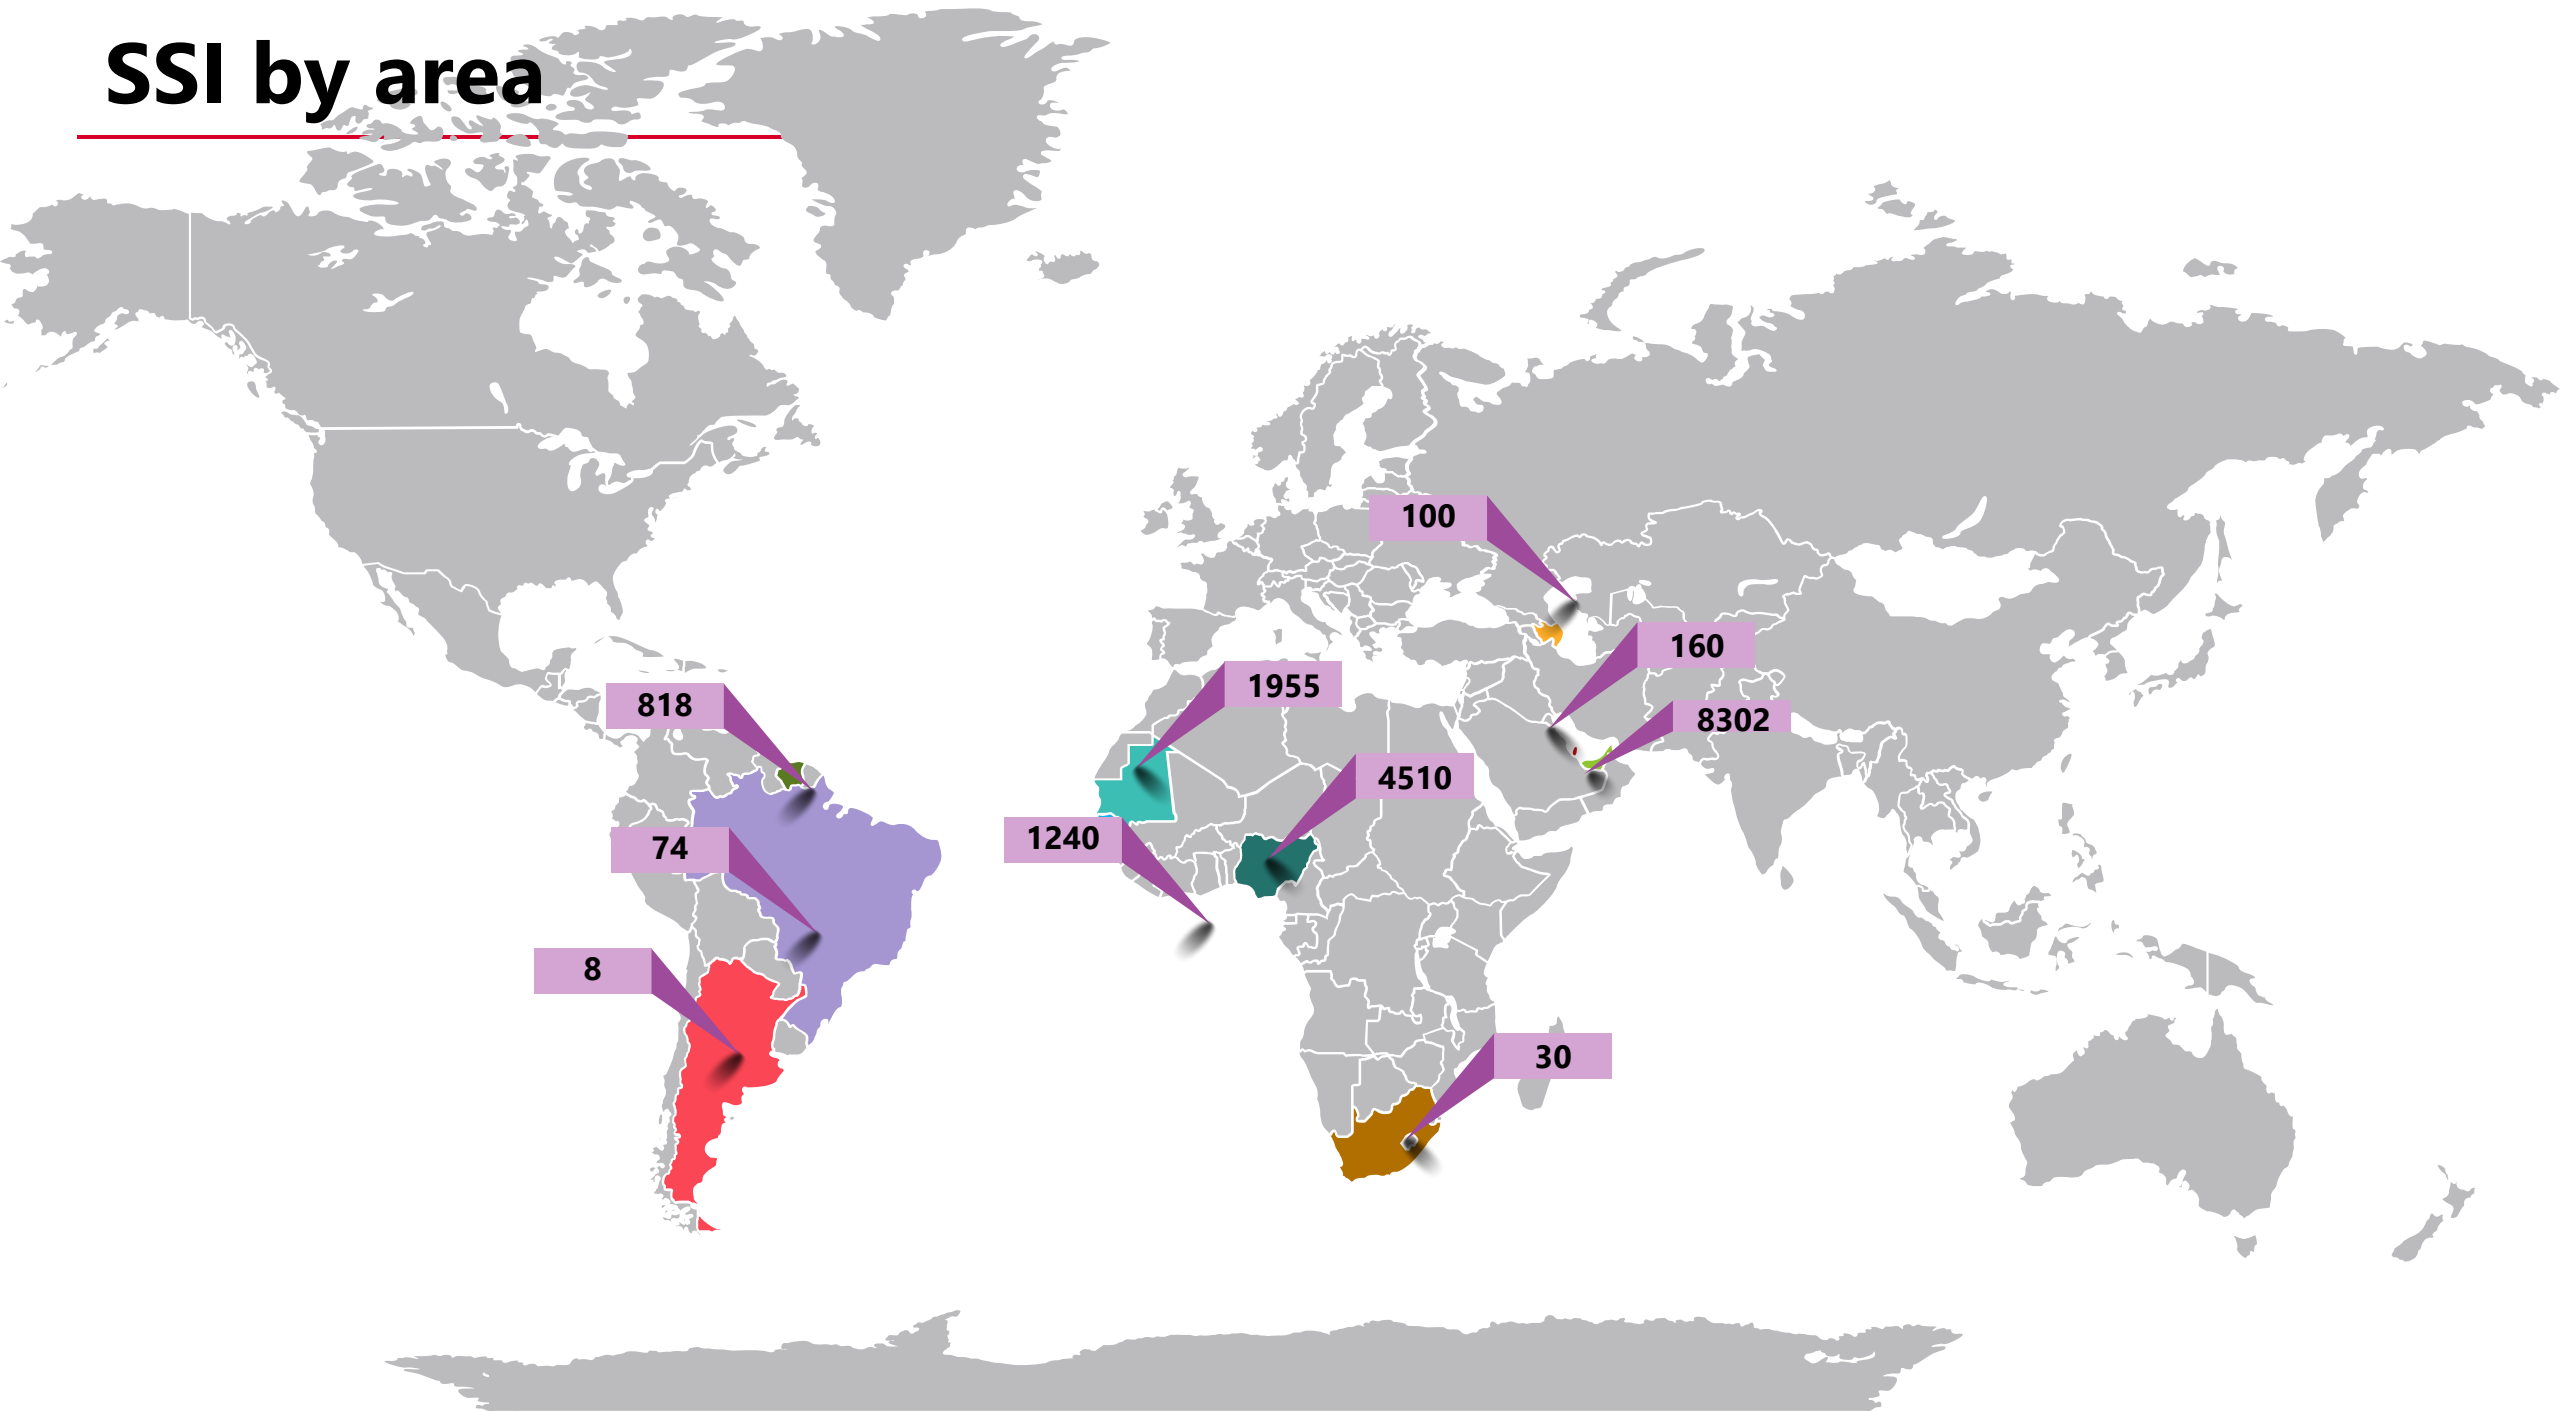

TOTAL WEIGHT (Kg) BY YEAR

TOTAL WEIGHT (Kg) PER AREA

SSI by area

BGP

OCEANS

A small grants program focused on funding initiatives/projects related to promoting marine ecosystem conservation, protecting and restoring biodiversity, ocean research, innovation and education.

CARBON

GHG Emissions Road to Neutrality

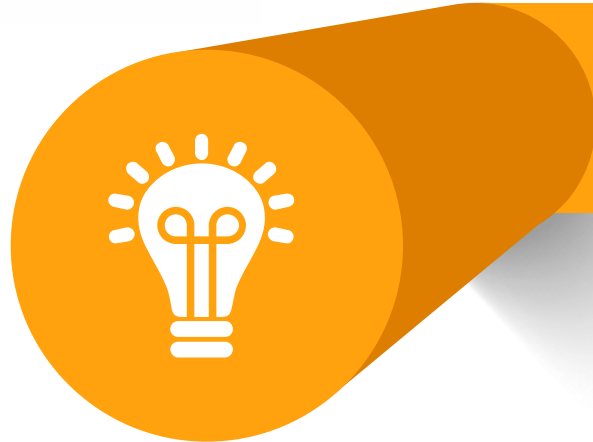

COLLABORATION

Sharing of experiences at Forums and Committees
